UV Black Light

PRODUCT PARAMETER

Product Image			
Power	80W	100W	150W
Voltage	AC120V/50/60HZ	AC120V/50/60HZ	AC120V/50/60HZ
Product Net Weight	1.75 kg	2.0 kg	2.6 kg
Product Size	330*300*110mm	330*300*110mm	340*310*115mm
Emitting Color	Purple	Purple	Purple
LEDs Angle	120°	120°	120°
Wavelength	400-410nm	400-410nm	400-410nm
Length of power cord	3 M	3 M	3 M
Installation Height	7-18 ft	9-20 ft	12-23 ft
Irradiation Area	54-86.sq.ft	65-100.sq.ft	90-120.sq.ft
Water Proof	IP66	IP66	IP66
Working Temperature	-20~50℃	-20~50℃	-20~50℃
Lifespan	50000 hours	50000 hours	50000 hours
Guarantee Period	2 Years	2 Years	2 Years
Fluorescent Band	6 Pieces	6 Pieces	6 Pieces

■ WARRANTY:

We provide a 2-year warranty service for all our uv blacklights. If you encounter any problem, please feel free to contact us with your order ID, we will get back to you within 24hrs and provide you the best solution. Thanks!

■ APPLICATIONS:

- Illumination of black light reactive pigments/paints/dyes, glow-in-the-dark applications, neon colors, fluorescence looking effect, etc
- Aquarium, Fishing, Glow in the dark, special effects, parties, art work, painting, Halloween decorations, etc.
- Please note:
 - * This is an ultraviolet flood light, human eyes can only see a small part of the light, so it will appear a little dim when lit.
 - * It is mainly used for fluorescence reaction but not UV sterilization.
 - * Please use it under the local laws and regulations.

■ CAUTIONS:

- The cover of our led black light is made of glass, please handle with care.
- The rated voltage of our light is 120V, please use the light under voltage of 108~132V.
- Please do not clean the light with corrosive liquids such as sulfuric acid.
- Please do not look into the light when it is working.
